

Enviromax 100

The Complete Air Handler

The Enviromax 100 is an air handling unit, modular in design, compact and efficient specifically designed for the rental market.

This unit can also be supported by our Enviromax CH50 chillers. By utilising our Chillers we offer a full modular package which can be easily deployed and set up without the use of cranes. Therefore set up time is reduced thus minimising logistical costs.

Key Features

- Compact and modular
- Ready to rent
- Robust – twin frame strength
- Pressurised foam panels for efficiency
- Rental specification electrics
- 100kW Cooling
- Ducted application – temporary or fixed
- Panel filter fitted as standard
- Integral stacking points for storage
- Easy handling with fork truck pockets
- User friendly controls
- CE certified

COOLING CAPACITY: 150KW
at 35°C db & 27°C wb

COOLING CAPACITY: 95KW
at 30°C db & 22°C wb
