Infrared & Ceramic Electric Heaters

Red Rad, Rhino TQ3

& Heatwave

Simply plug in and switch on to have instant, efficient and effective spot heating delivered precisely where it's needed.

Introduction

This range of mobile units is ideal for providing safe, clean heat directed specifically to warm people or objects. The radiant heat generated is unaffected by air movement around the heater, making this range of units ideal for providing focussed heat in drafty or large areas, with a range of up to 6m.

They are ideal for a wide variety of applications including workshops, offices, shops and schools. Simply plug into a 13 amp power supply for instant heat that does not blow away.

Key Features

- Easily portable radiant heat
- Rugged construction
- Provides specific directional heat
- Safe, clean, efficient heat
- No fumes or flames
- Unaffected by air movement
- Easy to use

Technical Specifications

		Red Rad	Rhino TQ3	Heatwave
Heat Output	kW	1.5 - 3	1.4 - 2.8	1.5 - 3
Type		Infrared	Infrared	Ceramic
Power Supply	Volts	110/230	230	110/230
Stages		2	2	2
Noise Level	dBA	0	0	0
Length		465	460	370
Width	dBA	535	500	340
Height		955	1000	580
