

Power Duct Option

The MCM280PD offers the same great performance as the MCM280 but with the added versatility of both small 200mm exhaust ducting that can be extended to 10m

The MCM280 standard (left) compared to the MCM280PD (right)

Description

A powerful 8kW unit that uses the latest in EC fan technology to minimise sound and maximise efficiency. The MCM280 can supply chilled air to 3 area's at once or via 10m of ducting while features such as a thermostat and variable fan speed allow precise control. Ideal for offices, data centres, events, retail and process cooling. Comes with 3m of exhaust duct, 1.5m of cooling ducting, and 2 year warranty.

Ideal Applications

Offices - Marquees - Hotels - Kitchens - Data Centres - Server Rooms - Portable Buildings - Laboratories - Hospitals - Gymnasiums - Schools & Colleges - Shops & Restaurants - Exhibitions - Oil Rigs
