# Multifan Horizontal Circulation Fan

## The next generation of circulation fans

With the new Multifan Horizontal Circulation Fan, you can create a uniform indoor climate while minimizing energy consumption. The improved fan design offers a number of important advantages. For example, the energy efficiency of the fan has been greatly improved, and it is much quieter. It is also easier to attach air hoses to the fan, saving you installation costs and making the fan cheaper to use. Create the ideal growing climate for your livestock or crop, or create a fresh breeze with this compact, powerful fan.

## Why choose this fan

- Powerful, quiet fan
- Among the most energy efficient in its class
- Low investment costs
- Easy to install
- Easy to maintain
- Materials resistant to extreme conditions
- Long service life: 3-year guarantee

## Features

- Available in 3 versions: 5,000, 7,000 and 8,500 m<sup>3</sup>/h
- Motor insulation class F.
- IP55 motor (water-resistant and dust-resistant)
- Energy efficient, up to 22.6 W/1,000 m<sup>3</sup>/h
- Low noise, up to 46 dB(A)
- Simple to attach 52-cm diameter air hoses
- Built-in thermal protection for single-phase motors

## Applications

- Greenhouse horticulture
- Agricultural: pigs, poultry, dairy cattle
- Industry

## Options available

- CE wire-guard kit
- 5-meter cable with plug
- Nozzle kit (minimum 4-bar water pressure required)
- Built-in thermal detectors for 3-phase motors
- Frequency-controlled motor

Your specialist in air

Multifan

Multifan Circulation Fans

Our range of circulation fans offers a solution for every indoor climate challenge. We offer fans that are specifically designed to evenly distribute air in an energy-efficient way. Vertical or horizontal airflows improve temperature and humidity differences, creating a uniform climate. In addition, we offer circulation fans that ensure that animals or people are kept cool. A solution that can help prevent heat stress and keep animals healthy.

You can fully count on us

If you want us to take a look, give advice or do an analysis, please let us know. We have several in-house specialists who are ready to assist you. Thanks to our worldwide locations and our dealer network, we can assist you anywhere in the world. Are you looking for a dealer in your area? Let us know and we will send the location of our nearest dealer right to your mailbox!

Why choose Vostermans Ventilation:

LOYAL TO YOU

We care for your specific needs based on our long expertise. In close cooperation with you we secure your business outcomes.

RELIABLE

Since our foundation in the Netherlands in 1952, we maintain our reputation as reliable partner. Our carefully selected global network of independent distributors strive to deliver you dedicated service and expertise.

FUTURE PROOF

Our future proof approach, which combines energy efficiency solutions with robust quality and rigorous testing, is based on a genuine commitment to serve as a trusted partner.

Vostermans Ventilation is a global developer and manufacturer of sustainable axial fans for the agricultural and industrial market. Sustainability is key for Vostermans. Their premium brandlines Multifan and EMI are showcasing the drive for advanced energy efficient fans. The company applies continuous innovation and research in their own motor production facility and in house state of the art R&D department. Vostermans Ventilation, part of Vostermans Companies founded in 1952, is based in Venlo, the Netherlands and operates in USA, China and Malaysia.
