

PAEC2510A AIR CURTAIN

Item no. 84620

Document type: **Product card**
 Document date: **2019-07-03**
 Generated by: **Systemair Online Catalogue**

Description

Stylish air curtain with EC motor and integrated controls, for cold rooms

Recommended installation height *

PAEC2500 : 2,5 m

PAEC2500 protects cold and freezer rooms efficiently at very low operating costs and can give energy savings of up to 85%. The stepless control allows precise adjustment, which means that PAEC is the perfect choice for cold and freezer room applications and also for use in air conditioned premises, for example, to separate the outside from the inside.

Accessories

Electric accessories

[AGB304 Door switch \(10016\)](#)
