

SANUVOX

R Max - WHOLE HOME UV AIR PURIFIER & ODOUR REMOVAL SYSTEM

New Cobalt Catalyst Oxidation (CCO)

The Sanuvox R Max represents an evolution in whole home UV air purification. This high-efficiency patented design destroys airborne bio-chemical contaminants, while providing important user information on the 3" back-lit LCD display.

Installed into the return or supply plenum, the Sanuvox proprietary process maximizes dwell (contact) time between the air and UV energy.

With the ability to treat homes up to 4,000 sq.ft., the patented technology rapidly purifies the air and removes odours within your home.

Non contractual photos.

R Max Benefits

A breath of fresh air for your whole home!

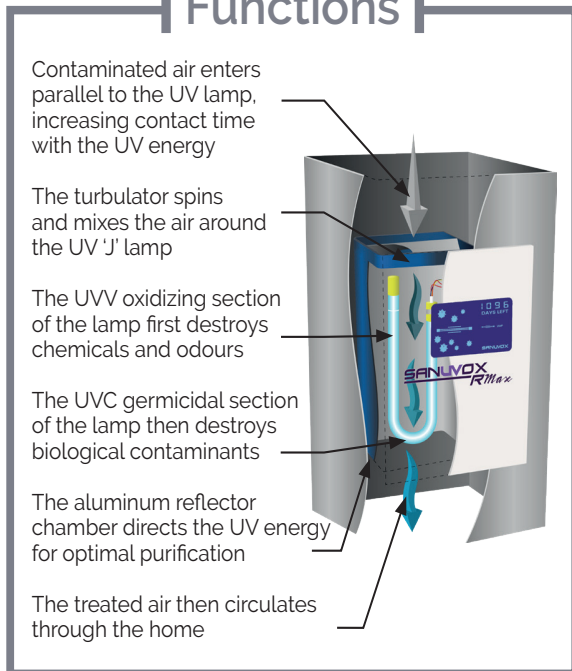

Designed to destroy viruses, germs, bacteria, mold, chemicals, odours and allergens with the new **Cobalt Catalyst that destroys VOCs.**

Breathe better, Live better.
