Article Number: 251440

## Description

### Description

CFC-A is a cassette used as a terminal device for ventilation with high efficiency particulate filter. It is mainly intended for ventilation of spaces with requirements for high grade of air cleanness like surgery rooms and medical intensive care units, laboratories, industrial clean production sites etc.

CFC-A can be used for air supply as well as for air extract.

### Highlights

- Version with air tight shut-off damper available
- Safe handling of the damper from the room side
- Adaptability for multiple types of ceiling installation
- Different sizes of duct connection available for each filter size

### Product Types

- CFC-A-...-V: Clean filtering cassette with...
