

# DMV NEX 100

DMVU Unit <125W  
 Item Number: 254519

Decentralised Mechanical Ventilation unit, with alternate flow and heat recovery core ("push-pull" type): extremely low energy consumption. For installation in single room such as living room and bedroom: for a better flow balancing two units are commonly used in parallel operation, having opposite and synchronised flows.

Internal ventilation unit and wall base made of high quality ABS providing long lasting shockproof and robust construction. Finished in white RAL 9010 and UV resistant.

Infra-red remote controller with touch technology and wall base supplied as standard. Made from ABS, RAL 9010.

Unique design winglet-type impeller, providing enhanced aerodynamic properties, low noise and increased efficiency.

High efficient reversible EC motor with integral thermal protection, mounted on sealed for life high quality ball bearings. Designed for continuous running.

Regenerative heat exchanger with ceramic core with high thermal efficiency.

## Technical parameters

Dimensions and weights		
Duct dimension; Circular, inlet	100	mm
Weight	2.4	kg
