

TWT11021 THERMOWARM

Item no. 6987

Document type: **Product card**
 Document date: **2019-05-21**
 Generated by: **Systemair Online Catalogue**

Description

This product serie is affected by Ecodesign Regulation (EU) 2015/1188 for local space heaters. For more information please go to Start page.
 Easily positioned convector in several different designs.

Application

Thermowarm is a series of easily installed convectors designed for public buildings such as changing rooms, stores and toilets. TWTC can also be used in corrosive and aggressive environments. TWT200 has a surface temperature as low as 60 °C, which makes it ideal for daycare centres and bathrooms.

Design

Thermowarm is easy to position and has, despite its small size, a large heat output. The three different surface finishes: white, grey covered panel covered and stainless steel, make Thermowarm suitable for most environments. The front cover can be opened making it straightforward to keep the convectors clean and tidy.

Technical parameters

Unit	
Type of heating	Electric
Length	765 mm
Height	205 mm
Depth	123 mm
Weight	3 kg
Color casing	RAL 9016, NCS S 0500-N
Protection class	IP44
Heater	
Supply voltage heating	230 V
Electric heating full output	1 kW
Current heating full output	4.3 A
Phase	1 ~
