

High Performance Twin Duct 9000 BTU Per Hour Wall Mounted Air Conditioner with Heat Pump

This High Performance Wall Mounted Air Conditioning unit with heating pump is suitable for both high or low wall installations - no external unit is required. The compact console style unit features a Reverse Cycle heat pump which enables year-round climate control and is also suitable for dwarf walls. Features include an energy efficient, high performance rotary compressor, built-in dehumidification function, fixed louvre, quiet operation and Twin Duct System. The Indoor Climate Control unit operates without requiring an external condenser or any refrigerant pipework. At low temperatures some additional spot heating may be required.

Features:

- 9000 BTU Per Hour Wall Mounted Air Conditioner
- No External Unit is Required
- For Both High or Low Wall Installations
- Features a Built-in Dehumidification Function
- Supplied With a Remote Control

PRODUCT SPECIFICATION

Airflow volume max. (m³/h).....	400	Input power cool (W)	981
Auto swing louvre.....	Yes	Input power heat (W)	880
Colour.....	White/Silver	LCD display	Yes
Control panel.....	Electronic	Noise level (dB(A))	48
Cooling capacity (BTU/h)	9000	Operating temperatures (cooling).....	7-35
Cooling capacity (kW)	2.632	Refrigerant.....	R410A
Dehumidifying capacity max. (L/day)	16.32	Remote control.....	Yes
Energy rating	A	Thermostatic control	Yes
Exhaust hose diameter (mm).....	160	Timer (hours).....	24
Exhaust hose length (m).....	0.5	Voltage (V).....	230
Fan speed settings (fan only setting).....	3 + Auto	Wall kit supplied	Yes
Frequency (Hz)	50	Product Dimensions (mm).....	1000x630x230
Heating capacity (BTU/hr)	9500	Net weight (kg)	45
Heating capacity (kW)	2.73
