

Unico Easy

The Unico Easy is a fixed floor standing air conditioner that does not require the installation of an outdoor condensing unit.

It's the fastest and easiest way to install stylish, practical and simple to use air conditioning.

Elegant & Discreet

The Unico Easy has been designed to integrate perfectly with any room style or decor. Its soft curves and round lines together with compact size make the Unico Easy an elegant and discreet addition to any room.

Incorporating Heat Pump Technology

The Unico Easy SF model provides excellent cooling capabilities for those hot summer days. However, Unico Easy is not just a cooling unit.

Thanks to heat pump technology the Unico Easy HP model also incorporates a heating mode, providing a complete all year round climate control solution.

Seen But Not Heard

Thanks to the use of a cross-flow fan, the latest generation sliding-vane compressor and high efficiency soundproofing, the Unico Easy delivers truly quiet operation from just 36dB(A).

Remote Control

The Unico Easy is the epitome of comfort and convenience. Without leaving the comfort of your chair, all functions can be activated easily thanks to the new generation remote control.

Intelligent Auto Function

To ensure a perfect climate in spring, summer, autumn or winter, the intelligent auto function measures the room's temperature and humidity level to define maximum climate comfort.

Sleep Function

The Sleep function adapts the air conditioning function to the various metabolic phases that occur at night, guaranteeing a comfortable night's sleep.

Unit Controls

With an ergonomic grip and easy operation, the controls can also be used directly on the machine thanks to its practical design.

High Performance & Efficiency

Unico Easy helps safeguard the environment with optimised "double-duct" technology, which ensures high performance and utmost efficiency. In fact, Unico Easy has A Class cooling and B class heating and uses only environmentally friendly R410A refrigerant.
